Beauty experts and socialites gathered at Coconut Grove's Sonesta Bayfront Hotel for Ocean Drive's fourth annual beauty event. Guests were treated to Lancôme makeovers and a sun-damage analysis by Dr. Marty Zaiac and the Greater Miami Skin and Laser Center team, while a Conair pro styled them using the latest tools in hair technology. A representative from MoroccanOil invited guests to preview their new line of hair products, while Primp Salon & Hair Extension Boutique provided experts to apply extensions and manicures. Ladies shopped the newest collections from Calypso St. Barth and received custom bra fittings from Journelle, the premier location for lingerie on Lincoln Road. Renowned medical professionals provided consultations, including board-certified surgeon Dr. Ary Krau and dermatologist Dr. Flor Mayoral, as Millennium Laser Eye Centers showcased its latest technologies. Guests adored Blackthorn Estate Buyers' elegant jewelry pieces, while Randy Coleman provided signature body-sculpting massages and Agua Spa demonstrated its indulgent Thai fusion massage. Invitees sipped on custom Hendrick's Gin cocktails and Fiji water and snacked on light bites from the Sonesta's rooftop Panorama Restaurant & Sky Lounge. Departing guests were treated to gifts including Aveeno sunblock and Ed Hardy fragrances.
