Important Notice Regarding Waiting Times for Scheduled appointments

We take great pride in our ability to schedule your appointment realistically and respect your time.

We do our best to see each patient in **no more than 30 minutes** from his or her scheduled appointment time. Therefore, when scheduling an appointment please be sure your schedule allows enough time in the event you may have to wait longer than expected.

Also, please note that our commitment of limiting wait times to no more than 30 is our standard. Due to the unpredictable situations that can arise in the practice of medicine, we unfortunately, at times, have not been able to meet this goal.

We will always do our best to inform you in advance of this situation.

Thank you for your understanding and cooperation in this matter.
