

Dr. Dascombe:

Thank you so much for the excellent care. I am so pleased with the results and I will forever be grateful.

You and your staff are absolutely wonderful. You are highly respected in your field and I'm so glad your name was recommended to me. Any future elective surgeries and I know exactly where to go and who to see.

THANKS so much,

THANKS!

In some Cultures,
I'd be presenting
you with a
prized goat
or perhaps
a necklace
made of teeth.
